Grey Quartz

Starlight

Stone Grey

The range of solid surface worktops combines a seamless style with the look and feel of real stone. The natural stone-like beauty of the solid surface finish makes them a perfect choice for your bathroom.

Solid surface worktops are completely solid and can be easily cut to whatever size or shape your bathroom demands, with no need to bond on finishing strips. Simply cut to the desired profile and sand the edges to a fine finish. Adhesive is also available for joining longer runs or corner installations.

### Close Coupled Sensor Flush Kits

With a simple wave of the hand, hygienic, contactless flushing is now here for close coupled WCs. Two sizes are available depending on the size of the flush button hole in the cistern lid.

The button kits have been designed to retro-fit to existing WCs which have paddle operated flush valves. For cisterns which have pneumatic or cable operated flush valves, or where the button screws in directly to the flush valve, then the flush valve will also need to be swapped to our **FB08616** valve which has a 2" base.

## Why Choose Aquair?

# AQUAIR

WHIRLPOOL BATHS

### Why choose Aquair?

Trojan's range of outstanding Aquair whirlpool baths offer the same exceptional quality you've come to expect from Trojan with the added features of a relaxing spa experience.

### Quality Components

All components of the whirlpool baths are produced by Kohler, a world renowned expert in whirlpool design and technology. Water is drawn from the bath and forced back through jets.

The systems use flexible pipe work, which is smooth, so as not to retain water, yet strong enough to withstand any sagging.

### System Choice

Trojan offer a variety of systems which can be upgraded to include a number of different options, including a heated blower, offering an even longer relaxing experience.

### Ambient Options

Aquair offer a range of lighting options to help you create the perfect environment to relax in. Choose from a strip of chromotherapy lights which can change colour or be set to a colour that suits your mood, a single light that changes colour or a single colour light.

### Attention to Detail

Hygienic drainage is crucial to great design. The pipe work is shaped and supported to promote maximum system drainage and minimal water retention.

Ozonators are available for customers wishing to clean the water during use. A cleaning solution is also available to keep your system clean and fresh.

### Safety

All whirlpool systems include 'child safety suction'.  
Tested to: BS EN 12764:2004+A1:2008.

## Quality Assured

By choosing an Aquair system on a Trojan bath there is no third party handling. Trojan control the entire manufacturing process and the fitting of the system itself. Trojan provide their own dedicated service van to ensure that they can provide a prompt and professional after sales backup.

All Trojan baths are factory tested and approved. Trojan test each one of their whirlpool baths under normal working conditions for 40 minutes and then a 20 minute standing period.

Each component part that makes the systems is 100% quality assurance checked prior and during the installation onto the bath by fully trained and approved operators.

All Trojan baths are 100% quality assurance checked at every stage of production prior to any system being fitted.

Pop up waste and overflow supplied & fitted as standard.

2 year guarantee on all systems.

# Terms & Conditions

## RETURNS PROCEDURE FOR SURPLUS GOODS

A restocking charge of 25% or a minimum of £25.00 will apply to products that are surplus to requirements. Once reported, a collection request form will be emailed to you. Collection will not be made until the form is completed and returned.

Goods can only be returned providing:

- 1) They are perfectly packaged in their original condition.
- 2) They were supplied less than four weeks ago.
- 3) They were not a special order.

Goods Will Not Be Collected Unless A Delivery Is Being Made.

## RETURNS PROCEDURE FOR DAMAGED GOODS

All damages must be reported in writing within five days. Once reported a collection request form will be emailed to you. Collection will not be made until the form is completed and returned.

The following condition will apply:

- 1) Goods will be thoroughly inspected and credit will only be given if it is a genuine fault.
- 2) Goods Will Not Be Collected Unless A Delivery Is Being Made.

### **PLEASE NOTE**

**Baths & Shower Trays Must Be Thoroughly Inspected Upon Delivery. Claims For Damages After That Will Not Be Entertained.**

## GENERAL TERMS

### **New Customers**

First orders from new customers should be accompanied by two trade references and a Bank Reference and will be Cash on Delivery until the Credit Account is cleared.

### **Prices**

Orders are only accepted by us for execution at prices ruling at date of dispatch. In the event that there is a pricing error in this pricebook, we will not be bound to honour any orders at that price.

### **Payment**

Payment is due as agreed terms i.e., Monthly - by the 30th of the month following delivery date or C.O.D.

### **Deliveries**

Deliveries are subject to available stock and all delivery dates are approximate. Our best endeavors will be made to deliver within the specified period, but no liability for failure to do so can be accepted by us.

Our driver will need assistance with large or heavy items. All goods must be inspected upon delivery.

We strongly advise that you do not book plumbers until your goods have arrived and have been checked. We are not liable for any plumbers costs or compensation in any way.

### **Products**

All Products are subject to availability. If the Product you Order is unavailable, Formula Bathrooms may provide you a near as possible substitute of equivalent quality and price without notice ("Substitute Product").

In the event that we are unable to supply the Product or any substitute Product to you at all, Formula Bathrooms shall notify you as soon as possible.

Any samples, drawings, descriptive matter or advertising issued by the Supplier and any descriptions of the Goods or illustrations or descriptions of the Services contained in the Supplier's catalogue's or brochures are issued or published for the sole purpose of giving an approximate idea of the Services and/or Goods described in them. They shall not form part of the Contract or have any contractual force.

### **Claims**

Claims for shortages or non-delivery of goods must be made on receipt, otherwise claims cannot be entertained. Claims for damage in transit must be made on receipt of goods. All products must be fully inspected before installation. Any claims for damages or refitting costs after installation will not be entertained.

### **Guarantee**

All goods are carefully tested and inspected before dispatch. Should any goods prove defective with regards to workmanship within 12 months after dispatch, same would be replaced free of charge providing our inspection confirms that the claim is valid.

No responsibility, however, can be accepted for consequential damages arising out of any such claim. For the avoidance of doubt, if the manufacturer becomes insolvent you accept that the additional guarantee is lost.

### **Cancellation Of Orders**

Orders accepted by us cannot be cancelled without our written consent, and cannot be cancelled once the order has been dispatched. Special orders cannot be cancelled.

### **Carriage**

Orders under £150 will be subject to a carriage charge. The carriage charge will be dependent on what products are ordered.

### **Compatibility**

All shower enclosures, especially quadrant enclosures, must be checked for Compatibility with the shower tray before the shower tray is fitted. Any costs incurred due to error will not be covered by us.
